

# Your Collection Day Is Changing

In order to provide our residential customers with a quality and efficient collection service, Republic Services has found it necessary to change your collection day effective the week of April 1, 2019.

**Your new collection day will be:**

**THURSDAY**

Simply stated, this change is necessary to minimize the amount of time our collection vehicles are in your area. In addition, this results in minimizing the impact to traffic, which can occur while servicing your neighborhood.

Residents are still asked to ensure that all materials are properly prepared and placed at the curb by 6:30 A.M. We apologize for any inconvenience this may have caused you. We thank you in advance for your time and cooperation.
